

YC ANALYTICS, LLC

Capability Statement — Federal & DoD Analytics Support

Veteran-owned data analytics and business intelligence firm delivering decision-ready dashboards, AI-enabled reporting, and configuration-aware documentation support to federal and DoD programs.

CORE CAPABILITIES

- Executive dashboards & KPI visualization (Power BI, Tableau, Excel)
- AI-enabled reporting workflows & automation
- Data cleaning, validation, and transformation (SQL, Python)
- Performance & process analytics for operations-driven programs
- BI modernization & legacy-to-cloud reporting migrations
- Data strategy advisory & analytics roadmap development
- Audit-ready records & compliance documentation

DOD & FEDERAL PROGRAM SUPPORT

- Program-level reporting & metrics tracking
- Configuration control & change tracking
- Technical publication lifecycle support
- Engineering data management support
- Logistics & sustainment documentation
- Cross-functional stakeholder integration
- Workflow & reporting optimization

DIFFERENTIATORS

- Veteran-owned, mission-disciplined delivery
- Local Hampton Roads presence, on-site surge capable
- Agile small business responsiveness
- Compliance-driven internal structure (FAR-aware)
- Analytics-first approach paired with DoD documentation rigor

PAST PERFORMANCE & EXPERIENCE

- **VFW POST 4089**
Scope of Work: The client's Point of Sale (POS) reporting dashboard was difficult to interpret and lacked customization options. We created an interactive dashboard that extracted data from the POS system and presented tailored KPIs, giving the client clearer insights into sales performance and business operations.
- **Integumentary Physiotherapy Clinic**
Scope of Work: The clinic did not have a structured inventory system, and employees were able to order supplies without supervision through

a shared Amazon Business account. We created employee-specific accounts, established spending caps, and implemented owner approval controls, improving purchasing oversight, inventory control, and expense management.
